EDUCATION

	Batch	Percentage
Excel Engineering College		
B.Tech(Artificial Intelligence and Data Science)	2021-2025	80
Attur Girls Higher Secondary School		
Higher Secondary Course	2020-2021	84.8
Secondary School Leaving Certificate	2018-2019	77.4

PROJECT

Food Rescue Network

A Food Rescue Network project aims to collect surplus food from various sources like restaurants, grocery stores, and farms that would otherwise be discarded, and redistribute it to those in need, such as food banks, shelters, and other charitable organizations. ..\Desktop\FOOD RESCUE NETWORK\FOOD RESCUE NETWORK.zip

Heritage Explorer

A "Heritage Explorer " project could take many forms, focusing on various aspects of India's rich heritage. It could be a program to raise awareness, a research initiative, or a platform for exploration and preservation.

Malware Detection using Machine Learning

A website which is used to predict malware in a given url using Machine Learning.

SKILLS

Language: Python, Java, JavaScript, Html, CSS, SQL, .net   Problem Solving

STRENGTHS

Resilient Skill   Collegial Work   Deverse Solution

CERTIFICATIONS

GUVI: Generative-AI   - https://www.guvi.in/rag/661f222b-6c1a-4a30-9f16-c7ab0a10791c

ACHIEVEMENTS

○ Secured second place in Technical Quiz competition at Electacommunix'24.
○ Delivered a power point presentation on Image and signal Processing at Gnanamani Institution.
○ Exhibited a power point report on Data Security at Kongu Engineering College.
○ Hosted a power point seminar on Hypothyroid Prediction using Machine Learning at Gnanamani Institution.

INTERNSHIP AND TRAIININGS

○ Internship on Python for Data Science at Techvolt Coimbatore.
○ Workshop on Metaverse at MIT Chennai.

INTEREST

○ Programming
○ Problem solving
